

United States Student Achievers Program (USAP) 2010 Application Form

There are many determined and talented, economically-disadvantaged students in Zimbabwe who lack only financial resources and access to information to better their educational futures. For the eleventh year, the United States Embassy seeks to identify highly academically qualified and motivated, low-income, Upper Sixth "A" level students in Zimbabwe to join the United States Student Achievers Program (USAP). USAP's mission is to assist highly-talented and determined, economically-disadvantaged Advanced Level students to negotiate and finance the admissions process for colleges and universities in the United States with the aim of producing highly-skilled and widely-educated leaders to build tomorrow's Zimbabwe. USAP works closely with students through regularly scheduled meetings and seminars to assist them throughout the application process to secure admission and scholarships for colleges and universities in the United States. USAP finances all costs of the application process, including registration fees for required standardized examinations and provides free membership to the US Educational Advising Center for its participants. USAP expects a sincere commitment of students to give back their energy and time to the program and to their communities and to be the best they can be.

We do not limit the program geographically; however, students must be able to reach our offices in Harare on a monthly basis during the school year, throughout school holidays, and after A level exams, for full participation. Upper Sixth students will work with our educational advising staff over this year and the next year to try to secure places and financial assistance to begin study in the US in August 2011. ***ENTRANCE INTO THIS PROGRAM IS NO GUARANTEE OF A SCHOLARSHIP OR FINANCIAL ASSISTANCE TO STUDY IN THE UNITED STATES.***

To apply to USAP, you **must** currently be a highly-determined and hardworking **Upper Sixth** student who will write either ZIMSEC or Cambridge "A" level examinations in November 2010. To be eligible for consideration, you must have a **VERY** strong academic record and be actively involved in co-curricular, leadership and community activities. You must also demonstrate financial need that your family would not be capable of financing the US application process on your own. Please complete this application form; return it together with the required documents listed at the end of the application form by SWIFT, email, fax, post or in person, to reach our offices no later than **Friday, March 26, 2010 to:**

Group A – Choose one only

Colleges and universities in the United States want to get to know you as a person, both in and out of the classroom. Use this essay as an opportunity to let us get to know you, how you think and what’s important to you. As we want to get to know you as an individual and not look for the most dramatic tale, is essential that all experiences related in these essays be a true and accurate depiction of your life.

A1. Given the Zimbabwean context, how would you define personal success and wealth? Tell us about your aspirations.

A2. Evaluate a negative choice you have made that has influenced your life greatly. What have you learned about yourself and about the values involved in decision making from this experience?

A3. If you could be granted one super power, what would it be and how would you use it?

Group B – Choose one only

Whether you are studying science, commercial or arts subjects at A level, if you attend college or university in the US, you will be exposed to and will take a wide variety of subjects from the humanities, social sciences, and pure sciences. With this liberal arts educational philosophy in mind, please answer one of the following questions to demonstrate your intellectual strengths.

B1. While he was campaigning for the American presidency Barack Obama’s motto was “*Yes We Can.*” Today Obama is the 44th president of America. Using evidence from your studies, your knowledge of current affairs and your experiences in Zimbabwe write a paper agreeing or disagreeing with his motto.

B2. America is often termed “the melting pot” and American society is said to be one of diversity. How would you define diversity? What is its role in our global society and economy? What are the challenges that come with diversity?

B3. If you were assigned to negotiate the GPA among the political parties in the current inclusive government of Zimbabwe, what approach would you use and how would you map the way forward for the country?
